

## Characteristics of Totalitarianism Mind Map

### Directions

1. Read pg. 440-443 in the textbook before moving to Step 2.
2. Create a mind map defining both totalitarianism and the four methods totalitarian dictators use to stay in power described on pg. 440-442. For each method, include an example from the Stalin case study found on pg. 442-443. **Use one color for the definition and a different color for the example from the Stalin case study.**
3. Use a third color to add a relevant image or memory clue for totalitarianism and each of the four methods totalitarian dictators use to stay in power.
